A heartfelt thank you to all our valued customers, partners, and guests who joined us at the SMC InnoTech Show & Seminar 2026 at Republic Polytechnic.

What made this event truly special was not just the technology on display, but the meaningful conversations, knowledge sharing, and connections forged throughout the day.

From exploring the latest innovations in automation, robotics, and sustainable manufacturing to exchanging ideas and industry experiences, it was inspiring to see so many professionals come together to learn, collaborate, and network.

The enthusiastic participation, insightful discussions, and strong support from everyone made the event a great success. We are grateful for the opportunity to engage with our customers and partners as we work together to drive innovation and create value for the future.

We look forward to continuing these conversations, strengthening our partnerships, and catching up with you again soon at future events.

Thank you for being part of the journey.
See you at the next SMC InnoTech Show & Seminar!
