

# e-Actuator Easy to Operate with Integrated Controller, EQFS□H/EQY□H Series

**SMC Easy to set up & Operate Electric Actuator - Downsize with Integrated Controller; Programless, Wiring-saving, Labor-saving with reduction of Carbon Footprint.**

**Easy to set up, just like air equipment!**

**2-position stop**

- Single solenoid mode
- Double solenoid mode

↑ Control mode switching

**3-position stop**

- Closed center mode

Cycle time setting available

**Downsized** with Integrated Controller

**Wiring saving**

**Labor saving**

- Programless
- Reduced adjustment time

**Annual CO<sub>2</sub> emissions: Max. 59% reduction (SMC comparison)**

**5.8 kg-CO<sub>2</sub>/year (14.1)**

\* The numerical values vary depending on the operating conditions.

**SMC Corporation (Singapore) Pte. Ltd.**  
**33 Tuas Ave 8, Singapore 639251**  
**Phone: 6861 0888**

**Annual CO<sub>2</sub> emissions reduced by up to 59% through motor control optimization (SMC comparison)**
