The graphic features a background image of three SMC XB24 cylinders, each labeled 'High Durability Series', set against a blurred industrial scene. The SMC logo is in the top left, and two interlocking gears are positioned above the product name. The bottom half of the graphic is a white box with green geometric borders on the sides, containing two columns of bullet points under the headings 'Why choose XB24?' and 'Key Features'.

XB24 CYLINDERS

Why choose XB24?

- ✓ Up to 5 times extended lifespan
- ✓ Increased cost savings
- ✓ Eco-friendly & more sustainable
- ✓ Maximized productivity & reduced operational downtime

Key Features

- Improved Seal Technology ✓
- Durable Materials ✓
- Environmentally Resistant Options ✓
- Maintenance-Friendly Design ✓
